

## Line-Card

JES has several industry partners that allow JES to move quickly to solve problems and introduce in many cases 'Bleeding edge' technology. If it is out there we will find it or make it. Here is our most important partners line card:

- **Datacore Software:** JES is a Datacore DCIE Gold partner, Datacore software offers high speed COTS platform SAN and ISCSI software. JES has utilized this software in ways many thought was not possible.
- **Hitachi Data Systems:** JES is a silver level partner with Hitachi Data Systems US. We are authorized to sell their full line of data storage and Storage Area Network, ISCSI and NAS products.
- **JCW Global:** Indoor and outdoor commercial wireless systems. We can do Aerial analysis, consulting, installation, customer management and network design. Complete end to end solutions
- **3D perception:** JES is a 3D perception partner, 3D perception designs complex display and edge blending systems for resellers to implement.
- **Qlogic:** JES is a reseller partner. Qlogic manufactures FIBRE, ISCSI and Infini-band adapters and switches. JES can often beta products form Qlogic because they know we will find a use and use them.
- **Emulex:** JES is a channel partner. Emulex manufactures very high speed FIBRE/ISCSI and Infini-band HBAs. Once again we often receive beta products because we know how to apply them.
- **Citrix:** JES is an Citrix partner. Citrix makes a very flexible and fast remote boot software for Microsoft machines. When JES introduced this software to AFRL, it was adopted as the standard. JES is Citrix certified on the following products:
  - Citrix Provisioning server for Desktops
  - Citrix Provisioning server for Datacenters
  - Citrix XenServer
  - Citrix XenApp
  - Citrix XenDesktop
  -
- **3-Ware:** 3-Ware manufactures high-speed inline RAID controllers

- **Nvidia:** JES is a partner with Nvidia. Nvidia manufactures high-speed and extremely high-resolution PC video cards.
- **Pro-Ware:** Manufactures Standard and custom designed RAID chassis out of Taiwan.

### **Strategic Partners**

- Member Seagate partner program.
- Member Intel partner program (chips and motherboards) and 10G E-net.
- Member Microsoft certified partner program
- Triplite (UPS systems)
- Supermicro partner program (mother boards)
- Hardigg (rugged computer cases)
- Epicenter (KVM switches)
- Black Box (cabinet and other accessories)

### **Business certifications**

- Florida MBE (OSD & FRMBC)
- SDB professional certified and documented
- American Indian owned (DOD contractors are entitled to 5% incentive)
- Member of UIDA (United Indian Development Association)
- NCAIED
- DSAM graduate
- NDIA
- NTSA
